ADM-3

Dear Kelly,

25X1A

Attached is a report by [REDACTED] which I am forwarding to you as an answer, at least in part, to your letter to me of 22 October in which you expressed some concern for what you felt were unresolved questions having to do with medical problems at [REDACTED]

25X1A

I think the actions which Don indicates have been, or will be taken present a much more satisfying picture. Hopefully, a first hand report from your [REDACTED] will afford you even more assurance in this matter.

25X1A

We will continue to monitor the pending actions and I shall keep you closely advised of any significant deviations from the current planning.

I appreciate your concern for not only your people but those of the other companies as well and I assure you we want to offer as complete protection to all personnel at [REDACTED] as is feasible.

Sincerely,

SIGNED
